***Examiner's Statement of Reasons for Allowance***

The following is an examiner's statement of reasons for allowance: The art of record considered as a whole alone or in combination neither anticipates nor renders obvious, an adjustable gripping tool comprising: a first element and a second element connected for relative angular movement which generates movement of at least one gripping element; the first element including a gripping portion configured to engage the workpiece including a first opening, at least one guide extending from the first opening and at least one gripping element; each at least one gripping element including a body portion adapted for engaging the workpiece, an arm portion configured to engage one of the at least one guide and a force transfer element contiguous with the arm portion; the second element including an actuation portion having a second opening concentric with the first opening and at least one slot disposed adjacent the second opening external thereto, each at least one slot having a first section configured to engage the force transfer element of one at least one gripping element, such that movement of the second element with respect to the first element actuates each at least one first section to contact and move each respective force transfer element thereby actuating each at least one gripping element along at least one guide, together in combination with the rest of the limitations set forth in the independent claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
